This well-maintained 4-bedroom, 2.5-bathroom home is full of thoughtful upgrades (\$40K when built). The main floor boasts rich hardwood flooring, a cozy gas fireplace with fan in the family room, and built-in ceiling speakers for immersive sound in the kitchen and living area. The kitchen is a chef's dream, featuring quartz countertops, a spacious corner pantry, and double French doors (with phantom screens) that open to a patio and a sun-filled, south-facing backyard that backs onto a park/green space. Upstairs, you'll find a large bonus room transformed into a bright fourth bedroom with oversized windows and does not suffer from being cold like other bonus rooms over garages due to materials used in finishing garage. The primary suite includes a large ensuite with a jetted tub, quartz countertops, walk-in closet and an upgraded vanity with lots of storage. The basement is ready for your personal touch, with two oversized windows and rough-in plumbing for a bathroom and utility sink. The oversized, drywalled, insulated, and polywrapped garage (21' x 23') comfortably fits two vehicles and provides

plenty of additional storage space.  
Lots of space to open car doors. Additional highlights include: Hunter Douglas blinds in all rooms, vacuflow system that's powerful, high-efficiency furnace with air exchanger, double E glazed windows, upgraded railing instead of stub wall, new roof (2022) siding replaced front and side (2022).
