Big Bungalow backing onto a Green Strip!
Located in a quiet cul-de-sac with a gorgeous greenspace right behind you this sprawling bungalow offers you privacy, and main level living at it's finest. Ample room on the top floor boasting a vaulted and open living/dining area looking out front, and a spacious kitchen/great room area looking out back. An actual main floor laundry room adds to the convenience. Step out onto the elevated covered deck overlooking that gorgeous green strip knowing that you'll be shaded from the hot summer sun, or sheltered from inclement weather. The basement is fully finished and actually has a separate entrance from the back yard AND a separate entrance up to the garage...which could cater nicely to your "suite" ideas. By the way that garage is finished inside, is heated, and has great storage capacity. 2 furnaces (1 is high efficiency) and 2 hot water tanks help keep up with the demand of a big household. Being well maintained over the years, and with the shingles having been replaced in 2023 this home is ready for your modern touches!
